

## VIP/Executive Protection

This course is a comprehensive 5 day VIP/Executive Protection training program. This course is designed to prepare security specialist VIP/Executive Protection missions. Our course focuses on small unit Dignitary Protection details. Tactics and techniques taught during this course are combined with realistic training scenarios designed to test and evaluate the student as a member of a VIP/Executive protective detail. This course will culminate with a scenario based operation that is designed to test the student's ability to apply the knowledge and skills learned during this course.

**Note\*** Basic handgun knowledge is required prior to taking this course is required.

**Restrictions:** Open
